

WHAT WE NEED

Some Suggestions For Improvement of Our City

New Manufacturing Interests Needed to Stimulate Rushville—The Power House a Beginning.

Rushville is a healthy, prosperous little city, lying in one of the finest and richest agricultural districts in the central States, and its people are educated, refined and contented.

Our surroundings and conditions have been so satisfactory however, that there is some danger that we might lie dormant, inactive and at ease in our contentment and let other towns outgrow and outdo us, and enjoy a prosperity that is rightfully ours, and that would come to us for but little more than the asking.

Other towns, Connorsville, New Castle, Kokomo and Anderson are reaching out, looking forward and making strenuous efforts to attract manufacturing concerns to their cities that will give a new impetus to other business interests there, as well as to being a substantial growth to them, enhancing the value of all other property. Rushville has never made any great effort to do this. The only real effort and fight to win something for this city was successful, and the power house is the result. Several hundred new citizens will be added to our city as a result of this effort but the citizens of Rushville should not stop here, but we should only be moved by that victory to greater things.

There are manufacturing concerns desiring to move out of large cities and there are new ones being formed, that with a little inducement and an illustration of our railroad facilities and advantages as well as the merits of Rushville as a residence city from a standpoint of health, education and enjoyment, could be induced very easily to consider a proposition to locate here.

Why not then, take up the matter, organize an improvement association or commercial club and get our people who are interested in these matters to work and land some good factories, or let us organize a company with home capital.

Other towns have accomplished great things in this respect, and we believe that all Rushville needs is, for a few representative men to devise some plan by which a movement of this kind can be placed on foot, and it goes without saying that the majority of our citizens would "take hold" and help push it to success.

Not a citizen of Rushville will admit that we as a people are improgrressive, that we have no pride for our city, and not one of us would refuse to do what we could to procure new manufacturing and new industries for our cities, and in most cases where small sacrifices are made, the parties making them are amply repaid by enjoying real prosperity.

"Exclusive" Report Corrected.

In answer to a report from this city that the Greensburg telephone company intended to go into Milroy at the flat rate of \$1.00, the Greensburg News says:

One of the officials of the Decatur County Independent Telephone Company was interviewed this afternoon concerning the above dispatch and said that the local company had never made a proposition to put in an exchange at Milroy, although they had been trying for some time to arrange with the Rushville company for putting up an additional line between Clarksburg and Milroy for the convenience of the patrons of both companies. He further stated that the local company had no intention of invading the field of the Rushville company.

Colored People Quarrel.

Henry Richardson, colored, was arrested by the officers today on a charge of assault and battery, preferred by Matilda Mabry, also colored. They got into a dispute over some property and the arrest followed.

FAVORS SHELBY COUNTY

Judge Morris Renders Decision on Important Tax Question.

Judge Morris today rendered a decision in a case of importance to a number of counties of the State. Two years ago the county commissioners of Shelby county contracted with Samuel Wallace, of Indianapolis, to investigate secreted taxes, Wallace to receive for his labor thirty per cent of all taxes collected by him.

The commissioners ordered the Auditor to make his distribution of such moneys collected after the thirty per cent was deducted. E. H. Lee, who was treasurer of Shelby county at the time, settled with the State on the above basis, the State settling under protest and later brought suit against Shelby county for an amount to cover the thirty per cent paid Wallace for collecting the State money.

The case was tried in the Shelby circuit court before Judge Douglas Morris, who rendered his decision this evening in favor of Shelby county.

WOMAN IN BLACK

Some One In North Part of Town Playing Pranks.

The woman in black, who was said to be scaring people some time ago, is again making nightly trips through the north part of our city.

Last night, between ten and eleven o'clock, she took after three young ladies at the corner of Sixth and Perkins street. The girls after being chased about a square fled into a house near the green house and as soon as the young ladies reached the door the "woman in black," who had been very close to them disappeared in a vacant lot.

A search was made for her shortly after, but to no avail.

It is reported that the woman in black is searching for some woman for the purpose of throwing vitrol in her face. Certain men say that they have seen her quite often and they have even walked beside her. She is very tall and slim and is most frequently seen in dark shadows.

The people in the north part of the city are very much wrought up over the matter, but it is thought that quite a great many of the things reported are entirely imaginary.

DEATHS.

Mrs. Patrick McCarty, an aged woman, died at noon today at her home on North Perkins street, of a complication of diseases. She has been a resident of Rushville many years. Funeral arrangements have not yet been made.

Plenty of Gas.

In rebuttal to the testimony introduced by the defendants yesterday at Indianapolis in the Greenfield gas case that the supply of gas was giving out, Walter Bridges, deputy postmaster, and Thomas Randall, merchant, testified that there was still a good supply of natural gas.

The 15 cent rate per thousand feet was considered a good price by meter by the same witnesses.

The testimony was concluded yesterday for both sides, and the argument in the case will be heard at a future date.

Fell Unconscious.

Ed. Noble, living north of Glenwood, fell unconscious this morning between eight and nine o'clock. He had been out to the barn lot at the time and was coming to the house. Nothing further relating to his condition could be learned.

Another Tennis Court.

Prof. T. A. Craig and R. A. Innis are making a tennis court on the rear of Mr. Innis' lot on North Harrison street.

The new turbine propelled torpedo boat destroyer, "Eden," built for the British navy, recently completed her official trials and proved a success. A speed of over 26 knots per hour was attained with a minimum coal consumption.

WILD ANIMALS I HAVE KNOWN.

The carpig.

—Chicago American.

ENUMERATION

Some Interesting Facts About

Rush County's Schools.

Males Greatly Out-number Fem-

ales—Every Child Under

Twenty-one Should Be

Given In.

The trustees and their assistants are now busy taking the enumeration of school children in the several townships. They began this week, and have twenty days in which to complete it.

Parents should give in the names of all unmarried children between the ages of 6 and 21, that reside in the corporation, and not just those that attend school as is sometimes believed.

Some parents are very apt to think that by giving in the names of those that are not attending school that their taxes will be greater in proportion to the educational benefits received by them. This is not the case, but on the contrary the reverse is true.

The number of children of school age in the county determines the amount of money received by our county from the State for educational purposes. So it is important for the taxpayers that every name be given in, thereby procuring for Rush county the largest possible amount of school money from the State.

It is believed by everyone that the enumeration this year will not exceed that of last year to any great extent as the removals have been against us, and the number, taking the county as a whole, has not increased perceptibly for several years.

The last enumeration showed the school children in the several townships to be as follows:

	Males	Females	Total
Anderson	210	164	374
Center	159	135	294
Jackson	107	78	185
Noble	166	127	293
Orange	147	147	294
Posey	213	192	405
Rushville	236	186	422
Richland	115	87	202
Ripley	154	143	297
Union	176	125	301
Walker	203	181	384
Washington	129	122	251
Carthage	153	154	307
Rushville City	595	676	1271
Totals	2729	2489	5218

Of the above number the males are greatly in excess of the females in the county, but in the city of Rushville and town of Carthage, it will be noticed that the females predominate.

There were 159 colored childrens of school age in the county, 80 males and 79 females, the large majority of which are in Ripley and Rushville townships.

Out of the 2729 boys enumerated only 1807 attended school, and only 1669 girls attended out of 2489 enumerated,

the attendance of each being nearly in proportion with the enumeration.

Parents should not forget the importance of giving in every child unmarried and between the ages of 6 and 21.

Child Scalded Fatally.

A terrible death fell to the lot of Catherine, the little four-year-old daughter of Mr. and Mrs. Julius Theobald, of North Walnut street, at Shelbyville, as the result of an accident that happened to the little one Thursday evening at 6 o'clock.

The family were seated about the dining table preparatory to beginning the evening meal, when the little girl, who was running about the room playing at skipping the rope, in some manner caught the rope about the boiling coffee pot on the edge of the table and the scalding contents were poured over the head, shoulders and arms of the child.

BASE BALL

Current Scores Achieved in the Big Leagues.

NATIONAL LEAGUE.
At Philadelphia, 0; Boston, 6.
At St. Louis, 4; Pittsburgh, 5.
At Cincinnati, 5; Chicago, 5—called in tenth.
At New York, 5; Brooklyn, 2.
AMERICAN LEAGUE.
At Washington, 6; Philadelphia, 6—called in tenth.
At New York, 1; Boston, 4.

Steinfeldt made three errors in the Cincinnati-Chicago game yesterday.

Pitcher Kellum lost his own game to Chicago yesterday allowing them to tie the score on the ninth inning by a wild throw to third.

Kelley made three of Cincinnati's seven hits, which indicates that the manager is going to try to set the pace.

The New York team looks good this season. They are at the head of the procession having won both games played. McGunty pitched yesterday.

Two ten inning tie games yesterday, on account of darkness. One the Cincinnati-Chicago game, and the other the Philadelphia-Washington, at Washington.

Good support saved Phillips of the Pittsburghs at St. Louis, yesterday, the St. Louis people having secured fifteen hits off his delivery.

Indianapolis defeated Ft. Wayne yesterday by a score of 11 to 4. Newlin and Vollz did the pitching for Indianapolis.

Hogriever signed an Indianapolis contract for 1904 yesterday.

Election Commissioners Appointed.

Carl V. Nipp was appointed as the Republican member, and Samuel L. Innis as the Democratic member of the Board of Election Commissioners for the election who with Harry Lak-in will look after the ballots and election supplies for the coming city election.

JAPANESE DRIVEN BACK

Leading Party Repulsed by the Russians With Heavy Loss.

Admiral Togo's Fleet Landed 12,000 Men Westward of the Yalu River.

St. Petersburg, April 16.—A rumor is current here to the effect that Vice Admiral Togo's fleet escorted a Japanese landing of troops to the westward of the Yalu river. When 12,000 men had been landed the Russian troops, which were lying concealed, suddenly attacked them, driving them back to the ships with heavy losses in men and guns.

St. Petersburg, April 16.—A telegram from Admiral Alexieff from Port Arthur to the czar says that from 9:15 o'clock Friday morning to midday the Japanese fleet in two divisions bombarded the fortress and the town alternately from the Liao Tshan promontory, firing 185 projectiles. The Russian squadron, including the battleship Pobleda, replied from the anchorage by a plunging fire. The batteries also participated. The losses on land were seven Chinese killed and five soldiers and three Chinese wounded. The Russian warships sustained no damage and there was no loss of life on them.

JAPS GET CREDIT

Even Russia Now Admits That Battleship Was Torpedoed.

St. Petersburg, April 16.—Unofficial dispatches from Port Arthur repeat that it was the Bezstrashni and not the Strashni as reported in the official dispatches, which became separated from the fleet and was sunk by Japanese destroyers.

Information which has slowly reached St. Petersburg has modified the opinion at first prevailing concerning the original cause of the destruction of the battleship Petropavlovsk. There is gradually developing a disposition to admit the possibility that after all, Japanese torpedo boats may have dropped mines at the entrance to Port Arthur harbor. An officer remarked: "It would be far better if the ship was actually blown up by the enemy's mine instead of by a Russian mine. The latter would be the result of inexcusable carelessness and would properly arouse the czar's anger. The former, while it would speak volumes for Jap craftiness, could not be readily avoided. On dark nights it would be almost impossible for the searchlights of the batteries to pick up the torpedo boats, however carefully manipulated."

Even should it be finally established that a Japanese mine destroyed the Petropavlovsk, it will not affect the general appreciation of Vice Admiral Makaroff's high qualities. His policy in putting out in pursuit of an inferior Japanese fleet has been thoroughly approved in St. Petersburg, where it is understood that such action would have an excellent effect on the morale of the Russian fleet.

As the admiral's instructions were to conserve his fleet, it is pointed out that it was his duty to return directly to the harbor on the appearance of a superior force. It could hardly be expected that the admiral would look out for mines when he had no reason to believe that they had been laid, especially as only a few hours before he had safely steamed over the spot where the Petropavlovsk was sunk.

Korean Imperial Home Destroyed.
Seoul, April 16.—Fire has destroyed the imperial palace at Seoul. With the exception of the Kuselken building, which is in the European style, all the other palace buildings were consumed. The emperor took refuge in the library of the Kuselken building. It is believed that the fire originated in the heating apparatus of the Kauepal palace, which was undergoing repairs.

China's Armed Force.
St. Petersburg, April 16.—A Chinese officer who has just arrived here says that the Chinese northern army consists of 100,000 men perfectly equipped and commanded by numerous officers, among whom are 130 disguised Japanese. Half of the troops are along the Manchurian frontier and the other half in the province Pechili.

First Report Corrected.

St. Petersburg, April 16.—An official correction has been issued, according to which it was the torpedo boat destroyer Itrashni and not the Bezstrashni which was sunk on Wednesday by Japanese torpedo boat destroyers off Port Arthur.

CLEARING IT UP

Pension Department Explains Provisions of Recent Order.

Washington, April 16.—To make clear the actual effect of provisions of the recent age pension order of Commissioner Ware, about which a large number of inquiries are making, the following official statement is made: "There appears to be an impression among many of the old soldiers that allowances of pension under the age order of the commissioner of pensions are in addition to pensions allowed heretofore. This is an erroneous idea of the order. The law prohibits the payment of more than one pension to a person for the same period, and the effect of the order on those having a pension already only will be to increase such pension up to the age limit if the pension already drawn is below that amount."

Ohio Local Option Law.

Columbus, Ohio, April 16.—The legislature has agreed upon a compromise on the Brannock district local option bill for municipalities, and it will be signed by the governor, making it a law. The bill as it now stands provides for local option elections by districts in municipalities on petition of 40 per cent of the electors, such districts to contain not less than 300 nor more than 2,000 electors. Business sections are to be exempt from the provisions of the measure.

Book Agent Escapes Jail.

Venice, Ill., April 16.—Judd B. Hayne, a book agent, arrested on the charge of forgery, escaped from jail after knocking Jailer Selbert unconscious with a hammer. Selbert is believed to be fatally injured. Hayne took the keys from the jailer and unlocked the cell of two negroes, telling them to escape. They refused to go. Hayne locked up the jail and fled.

Rockefeller's Partner Dead.

Atlantic City, N. J., April 16.—Samuel Andrews, pioneer founder with John D. Rockefeller of the Standard Oil company, is dead at a hotel here of pneumonia.

Want Fare Reduced.

[New Castle Courier.]

A petition signed by the mayor, City council and other business men of Greenfield has been sent to the office of the Indianapolis & Eastern Railway Company for the reduction of the fare between Charlottesville and Greenfield. The petition was made on the request of the farmers and town residents of the eastern part of Hancock county. At present it costs three times as much to take a trip from Charlottesville to Greenfield as from Charlottesville to Knightstown, although there is less than three miles difference in the distance. As a matter of course the people go to Knightstown to do their trading, when they prefer to go to Greenfield, but object to paying the fair asked.

Save Your Vote.

The city election occurs the first Tuesday in May. Any person moving from one precinct to another at any time between now and that date will lose his vote. In fact, to be a voter you must be six months a resident of the State, thirty days a resident of the precinct. It behooves Republicans to see to it that no Republican vote is lost on this or any other account. The Republican ticket is good from top to bottom, and every candidate on it deserves the unanimous support of the party.

We are authorized to announce the name of
John F. Mapes as a candidate for trustee of
Union township, subject to the decision of
the Republican township convention.

That High School Building.

[High School Budget]

The need of a new high school
building is more and more apparent
every day in the week. Actions speak
louder than words, and anyone that
will make an investigation of the ex-
isting conditions will readily see that
a new high school building is needed
—and needed badly.

The crowded condition is something
that cannot be helped under existing
conditions and a new building with
adequate seating capacity and large
recitation rooms is absolutely neces-
sary. This important matter should
not be neglected by the citizens of
Rushville, as it is of vital importance
to everyone who has the city's interest
at heart. The action of one of the
political parties in adopting resolu-
tions against the erection of a new
high school building is not showing
proper interest in school affairs. The
resolution also embodied a clause fa-
voring the erection of a school of the
colored children. This would not in
the least relieve the congested condi-
tion in the high school and would
make no material change in the
grades. There are not enough colored
children in any of the grades to jus-
tify combining any two grades of pupils
after the new school for colored chil-
dren has been erected. So we would
be no nearer the goal after all.

We must have a high school build-
ing; and the sooner the people realize
the fact, the better. And when the
building is erected, let it be up to
date in every particular and reflect
credit upon the city. A gymnasium
should be provided for the various ath-
letic teams and equipped in every par-
ticular. A large assembly room should
also be provided for, so that entertain-
ments may be given by the high school
pupils. As it is these exercises and
special programs are limited on ac-
count of the bad condition of the
building. The present assembly room
is entirely too small. It is with great
difficulty that all the high school pu-
pils can assemble here. Then how do

you expect the pupils to give an enter-
tainment for the public with this lim-
ited seating capacity?

Citizens, think this matter over. If
you are not then convinced, come up
to the High School and see for your-
self.

The schools should be the last thing
neglected by the people, for the educa-
tional system is the greatest institu-
tion of the country. So we ask, and
condition demand that some action be
taken.

This matter cannot longer be over-
looked; it must not be postponed.
That old building is in bad condition,
and is unsafe. The population of
Rushville is increasing and the school
census will show an increase yearly
for the pupils in the schools of Rush-
ville. It is certain that there will be
a still larger increase next fall and
then, what will you do? You will
have to face the question some time,
citizen, and the sooner you do it the
better it will be for all of us. This
matter should not be a political issue
but the building should be advocated
by all good people of the city.

We must have a new High School
Building.

WILL SEND REGRETS

Republican Congressmen Unable to
Attend Convention.

Indianapolis, April 16.—It is very
likely that the coming Republican
state convention will be minus the
presence of most of the members of
congress from this state, as it is re-
ported from Washington that the ses-
sion will not be adjourned until the
middle of May, and the circumstances
are such that for party reasons most
of the G. O. P. members must be on
hand at every roll call. Representa-
tive Watson, who is to deliver the key-
note speech, has paired with a Dem-
ocratic member and has already reach-
ed Indiana. It is said that Congress-
man Hemenway, Congressman Over-
street and the others who have been
prominent figures in conventions in
recent years have made up their
minds that they can't get away and
that they will have to send their re-
grets. The fact that they can't come
is worrying some of the candidates for
places on the state ticket who expect-
ed the active support of their con-
gressmen. Senators Fairbanks and
Beveridge are expected, and it is said
they will arrange to leave Washing-
ton the latter part of next week.

Without thinking about the date of
the first Democratic state convention,
which is to be held May 12 in Tomlin-
son hall, the executive committee of
the Republican county committee se-
lected that date for the Marion county
convention to nominate candidates for
county offices. Members of the execu-
tive committee said later that the date
of the Democratic state convention
was not once mentioned in the meet-
ing. They said the county convention
would have to be held a day or two
before or a day or two after the Dem-
ocratic state convention. Tomlinson
hall will be needed for the county con-
vention because it will be composed
of about 750 delegates, and no other
hall would hold the crowd. The appor-
tionment is one delegate for each pre-
cinct, one delegate for each fifty votes
cast for Daniel Storms for secretary
of state in 1902, and one delegate ad-
ditional for a fraction more than twen-
ty-five votes cast for Storms.

Warren G. Sayre of Wabash may not
be regarded as the leading candidate
for the Republican nomination for gov-
ernor, but he certainly has a loyal fol-
lowing that is preparing to come here
to work in his interest. Pratt Love-
land of Peru, who successfully man-
aged Fred Landis' campaign against
Major Steele, and who was this week
elected a delegate to the national con-
vention, was here last night, and he
said that the Eleventh district is going
to support Sayre with much enthu-
siasm. R. Harry Miller of Fairmount,
former president of the Lincoln
League of Indiana, United States Mar-
shal Harry Pettit, and other well-
known Eleventh district men, were
here today figuring on Sayre's chances,
and they say he is very much in the
race.

L. P. Newby of Knightstown was
here today for the first time in three
weeks, as he has been making a long
trip through the state in the interests
of his candidacy for the Republican
nomination for lieutenant governor.
For a long time he had no opposition,
but now Walter Ball of Muncie and
Hugh Th. Miller of Columbus, are in
the field, so Newby is doing some tall
hustling. Four years ago it was
thought he had the victory won, but
while he came within a few votes on
the first ballot, his strength slipped
away and Gilbert was nominated.
Newby and his managers, while con-
fident that the same thing can't hap-
pen again, are building up a strong
organization that will take no chances.

Calling Them to Time.

Washington, April 16.—The non-at-
tendance of Republican members of
the house during what are thought
to be the closing days of the session
is causing some vexation to the man-
agers of that body. A circular was
mailed last night to the Republican
membership signed by Representative
Tawney, the Republican "whip," and
issued at the request of Speaker Can-
non, calling attention to an uncertain
language to the necessity of attending
to business. The leaders predict that
April 28 will be the day of adjourn-
ment, and they are bending every ef-
fort to carry out this plan.

A CLOSE INQUIRY

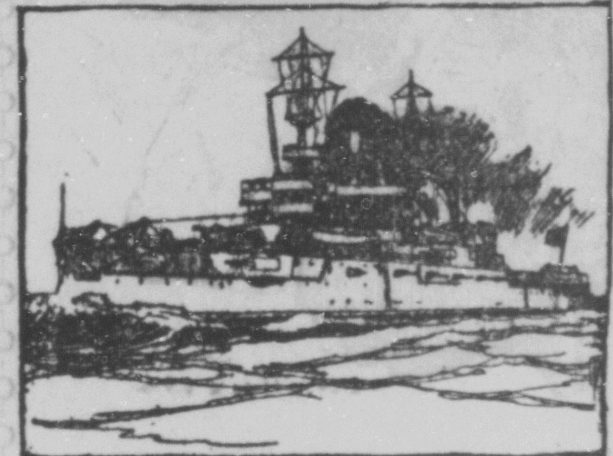

Will Be Made Into Cause of
the Battleship Missouri
Disaster.

CARELESSNESS HINTED

In Their Eagerness to Make Quick
Time Did Gunners Neglect
Proper Precautions?

Target Practice Will Go On Just the
Same, Notwithstanding Evi-
dent Danger.

Washington, April 16.—Searching
investigation will be made by the court
of inquiry on the Missouri disaster and
regarding the statement that four
charges of ammunition were in the
handling room of the after turret of
the Missouri ready to be hoisted to the
turret at the time the explosion oc-
curred. This fact has been reported

BATTLESHIP MISSOURI.

In the newspaper dispatches from Pen-
sacola and seems to be borne out by
the statement of a number of officers
that it has been thought necessary in
order to fire rapidly as our ships have
been firing, to keep several charges in
the target room, even though it is not
in accordance with the regulations,
that no time may be lost in bringing
the charges from the magazine. If
such be the case it can be stated that
this condition of affairs will be prompt-
ly remedied. It was pointed out at the
navy department by an official that the
custom prevailed on board the other

CAPTAIN COWLES.

Ships of the navy of keeping several
extra charges in the handling room
during target practice, and it was said
if this were so no one on the Missouri
could be held responsible. "It is the
system and not the personnel which
would be at fault," said this official.
Notwithstanding the mystery which
still surrounds the cause of the Mis-
souri accident, the announcement is
made at the navy department that
there will be no suspension of target
practice at Pensacola, but that the
other ships which have not yet fired
will go on the range at the regular
time.

THE STATE OF TRADE

Bradstreet Gives a Review of the Sit-
uation.

New York, April 16.—Bradstreet's
weekly review of trade today says:
Trade is still irregular, with unsea-
sonably cool weather the chief but not
the only drawback. In some sections,
notably the South and portions of the
East and West, brighter weather has
helped trade and incidentally crop
preparation, but the poor winter wheat
crop outlook in the Ohio valley, very
cool weather in the lake regions, and
high water or frosts in the western
part of the cotton belt, have affected
business or retarded spring planting.
Foreign trade returns have seemed to
favor the manufacturing rather than
the agricultural interests.

Most measures of trade point to
smaller volume of business than a year
ago, but it is to be noted that while a
slight decrease may be shown in gross
railway earnings for March, the first
quarter's earnings will fall little be-
hind a year ago, showing that in vol-
ume of products moved there is little
difference from a year ago and that
the railroads have so far this year
almost held their own.

Indiana Man President.

Cincinnati, April 16.—At a meeting
of the window glass manufacturers
here the National Association of Win-
dow Glass Manufacturers was formed.
The following officers and directors
were elected: President, J. R. John-
ston, Hartford City, Ind.; vice presi-
dent, H. L. Strong, Brookville, Pa.;
secretary, M. L. Case, Bowling Green,
Ohio; treasurer, T. P. Welch, Falls
Creek, Pa. The officers of the com-
pany were located at Hartford City.

Apples—40 to 75¢. bu.
Potatoes—\$1.25.
Onions—\$1.00 bu.

NO OVERCROWDING AT ST. LOUIS

Ample Accommodations at Reason-
able Rates.

The alarming and altogether errone-
ous reports which have been circulated
from time to time regarding the proba-
ble overcrowding of visitors to the Ex-
position and the lack of accommodations
may be entirely discarded, as the ar-
rangements which have been made in
the Cascade City are such as to pro-
vide good accommodations and enter-
tainment for all who come.

Chief among the prominent hostleries
which have opened their hospitable
doors is the Inside Inn, situated actually
within the grounds of the Exposition it-
self and erected under the supervision
of the World's Fair Management. It
is three stories in height, it is 400 feet
wide, 800 feet long and contains 2,257
rooms in addition to its parlors and
waiting rooms and a dining room and
restaurant, seating 2,500. The Inside
Inn is under the direct management of
Mr. E. M. Statler, the well-known
caterer of Buffalo, who maintains a
high-class and uniform cuisine and ser-
vice for everyone of his guests.

The Inside Inn is run on both the Eu-
ropean and American plans at rates
ranging from \$1.50 to \$5.50 per day.
European and from \$3.00 to \$7.00,
American, including admission in both
classes. The range of prices being sole-
ly controlled by the size and location of
the rooms.

The advantage of a large, comfort-
able and thoroughly equipped, home-
like hotel right inside the grounds will
at once be obvious to all who remember
the long, wearisome journeys so often
entailed, both at the World's Fair in
Chicago and at Buffalo, by those who
live some distance away from the Ex-
position. No admission fee other than the
first one is needed, visitors being with-
in the precincts of the Exposition all the
time. They thus save all loss of time,
expenses of street cars, etc., and are
able to devote the whole of their time
to the pleasure and enjoyments of the
Exposition.

Reservation may be made for any
date and full details regarding the
many advantages of The Inside Inn
may be obtained by addressing a postal
card to The Inside Inn, Administration
Bldg., World's Fair Grounds, St. Louis

Engraved Work.

Such as cards, stationary, wedding
invitations, business cards, etc. may be
ordered at the Republican office. A
line of samples of the latest prevail-
ing styles. Call and see them. Prices
reasonable.

Wilbur and Nellie Hunt, of Indianapolis, spent their spring vacation at the home of their grandparent, Mr. and Mrs. L. S. Hunt.

Mrs. Laura George was the guest of Mrs. Ora Norris, in Rush county one day last week.

The Third Quarterly meeting will be held at New Salem, next Sunday and Monday.

The commencement exercises of the Orange high school will be held in the Christian church, April 28th.

Mrs. Jennie Reed was the guest of Mrs. James Halstead, in Connersville last Sunday.

Mr. and Mrs. Claud Krammes are the proud parents of a fine boy.

The many friends of Myrtle Churchill were saddened to hear of her death in Anderson last week.

The most serious objection to the submarine torpedo boats is the lack of adequate means to determine the nearness of foreign objects, as other boats, rocks, sunken crafts, etc. This was dramatically illustrated recently when a British submarine was sunk by being hit by a merchant vessel, all hands on board—a crew of eleven officers and men—were suddenly thrust into a watery grave. The accident happened while a lookout was kept and this seems to demonstrate vividly the serious objection of limited range of the periscope. Improvements will, doubtless, soon be made to overcome this defect.

STATE NEWS

Terre Haute, Ind., April 16.—At the joint session of the Indiana coal operators and miners, held last night, the long-delayed agreement was reached, and the danger of a general strike in the Indiana field which has threatened for some weeks was averted. The basis of settlement of the differences between miners and operators was an agreement reaffirming the last year's scale, the miners accepting the 5.55 reduction recommended by the Indianapolis conference.

The miners in convention adopted resolutions denouncing Eugene Debs for his article attacking Mitchell's good faith with the miners in getting them to accept a reduction in wages.

A MASTODON'S BONES

Uncovered by the Recent Freshet Near Orleans.

Orleans, Ind., April 16.—After the waters of the recent flood had receded, Marion Mathers, who lives six miles southwest of this place, was out on his farm, investigating some of the drain ditches. In one place, where the water had washed to a great extent, he noticed some white bones sticking out of the side of the ditch. He dug some of them out and brought them to Orleans, where on account of their shape and size, they are believed to be the bones of a mastodon. They are not in a very good state of preservation, but it is believed that most of the skeleton can be found. In one place, Mr. Mathers says, there is a part of a tusk protruding which measures four inches in diameter. He also says there are several large bones which he did not attempt to dig out of the earth.

Assault Ended in Murder.

Alexandria, Ind., April 16.—Alfred J. Norton, who was sandbagged last Saturday night after closing his place of business and starting homeward, died without regaining consciousness, and the charge now resting against his unknown assailants is that of murder. The authorities have offered a reward of \$100 for the conviction of his assailants, and have arrested a number of colored men on suspicion, but nothing definite is known as to the perpetrators of the crime. Mr. Norton was robbed of \$40 or \$50. He was fifty-nine years old and leaves a wife and five children.

Cracksmen in Milton.

Milton, Ind., April 16.—The post-office at this place and W. A. Bragg's grocery house were visited by burglars. At the postoffice only 75 cents in pennies were secured, no stamps nor mail being disturbed. A revolver was taken from the drawer where it was usually kept. Entrance into the postoffice was effected by prying open a window. The safe in Bragg's grocery was forced with nitroglycerin and \$50 was taken, of which \$20 was in dimes and nickels.

A Determined Woman.

Fort Wayne, Ind., April 16.—Mrs. Lillie Travis of New Haven, this county, broke up a poker game in a saloon in that village. Her husband was playing in the game. He is the man who recently claims to have lost \$800 in a Fort Wayne gambling house, and is now suing in the courts to recover the money. Mrs. Travis has filed affidavit against ten people for violation of the saloon and gambling laws.

May Result in Damage Suit.

Elwood, Ind., April 16.—Mrs. Dennis Connell, the woman who was injured by a natural gas explosion in this city a few weeks ago, is dead at St. Elizabeth's hospital, Lafayette. The explosion was caused by escaping gas from a dry meter placed inside the house by the gas company, and a damage suit may follow the death of the injured woman. She leaves a husband and four little children.

Students Steal Minerva.

Muncie, Ind., April 16.—Some years ago a high school graduating class presented a statue of Minerva to the school, and yesterday it was missing from its accustomed place. Recently students entered the building after nightfall and painted the statue red. The principal is investigating with a view of identifying the students responsible for the disappearance.

Workman's Perilous Situation.

Muncie, Ind., April 16.—Charles Aker, employed at the Muncie pulp mills, fell into a vat containing boiling acid and lime. He caught the edge of the vat with his hands, saving his head and body from the fluid, but his legs from the knees down were so badly burned that amputation may be necessary.

BRIEF DISPATCHES

The censorship at St. Petersburg is being tightened.
War experts declare Japanese are using submarine boats against the enemy.
Russians will shoot at spies all correspondents caught using the wireless telegraph.
Unofficial figures forecast an increase, instead of a decrease, in the acreage of spring wheat.
Fire in the works of the St. Louis Smelting and Refining company damaged \$250,000 worth of property.
Business failures in the U. S. for the week ending 19th, against 201 last week and 180 in the like week in 1903.
The Palace of the Korean Emperor was destroyed by fire and the Emperor forced to seek safety in flight.
There are now only two undamaged battleships—the Pareto and the Sevastopol—in the harbor at Port Arthur.
The states of Nebraska, Kansas, Missouri, Iowa, Minnesota, Oklahoma and South Dakota will have to import 48,000 men to assist in harvesting the wheat crop this fall.

APHORISMS.

Nothing ages like laziness.—Bulwer.
The innocent seldom find an uneasy pillow.—Cowper.

We can do nothing well without joy and a good conscience, which is the ground of joy.—Dibbes.

He that is ungrateful has no guilt but one. All other crimes may pass for virtues in him.—Young.

A word or nod from the good has more weight than the eloquent speeches of others.—Plutarch.

Kind words prevent a good deal of that perverseness which rough and imperious usage often produces in generous minds.—Locke.

An inquisitive man is a creature naturally very vacant of thought itself and therefore forced to apply to foreign assistance.—Steele.

The only way to make the mass of mankind see the beauty of justice is by showing them in pretty plain terms the consequence of injustice.—Sydney Smith.

Another Battle With Hereros.

Berlin, April 16.—According to a dispatch received from Windhoek, German Southwest Africa, a captain, a first lieutenant and six men were killed and a lieutenant and seven men were severely injured and five men were hurt in a battle with Hereros on April 13 at Okatumba. No other details have been received.

There has been a strike of choir boys in the New York Church of Heavenly Rest. What's in a name, after all?

Low Rates To California.

On account of the General Conference of M. E. church at Los Angeles, commencing May 3d, and the meeting of the National Association of Retail Grocers of the U. S., the Big Four will place on sale tickets to San Francisco and Los Angeles, Cal., April 22nd to 30th, 1904, inclusive; also on May 1st for such trains as will deliver passengers at Chicago, Peoria, St. Louis or Cairo on same date, from all points on the "Big Four," Cincinnati Northern and D. & U. R. R., at very low rates, Final Return Limit, June 30th, 1904. Liberal Stop-over Privileges. The Western Christian Advocate's Special Train for Los Angeles for the accommodation of delegates and others who wish to visit the Pacific coast, leaves via the Big Four Route.

For full information and particulars as to rates, tickets, limits, etc., call on agents "Big Four Route."

Low Rates To The West.

The Big Four will make special low rates to California, Washington, Oregon, Idaho, Montana, and Utah. One way Colonist Tickets at very low rates on sale daily, until April 30 1904, inclusive.

For full information and particulars as to rates, tickets, limits, call on Agents "Big Four Route."

The Daily Republican

RUSHVILLE, IND., APRIL 16, 1904

LOCAL BREVITIES

Subscribe Now.

Talk up the Smoker.

The first "boom button" sold at Richmond last night for \$70.00.

If you are not taking the Daily Republican, begin with Monday's issue.

Frank Mock and son Oliver who have been sick with grip are again able to be out.

Shelbyville and Greensburg high schools base ball teams play at Greensburg this afternoon.

The Republicans, Democrats and Prohibitionists nominated a city ticket at Shelbyville yesterday.

The Greensburg high school ball team won their first game yesterday. They play Knightstown today.

There were only two persons examined at the Reading Circle examination today, Miss Flint and Darlie Douthit, of Orange.

Rev. McConnelllee gave an interesting talk to the high school yesterday on the schools of India, and the Glee club contributed a fine selection.

The application of McNamee, of Knightstown, for a liquor license was tried by the Henry county commissioners, yesterday, but no decision was reached.

A large majority of the farmers throughout the county are beginning their spring plowing, but the ground in some places is still wet from the recent rains.

The suggestion to give a smoker next week or week after at which all the Republicans in the city will be invited and urged to attend, seems to be very popular with all.

The Sexton-Henley Bowling club met last night at the Pastime alleys. Dr. Sparks made 156, the highest score for the men and Mrs. Claude Cambern made 119 which was the highest score for the ladies.

The High School base ball team went to Carthage to day, to play the High School team at that place. The following is the line-up of the home team as it will play today: Geraghty, p.; Miller, c.; Simpson, 1st.; Aldridge, 2d.; Bebout, s. s.; Ong, 3d.; Stiers, l. f.; Harrold, c. f.; McGuire, r. f. The game promises better returns than last Saturday's game as the weather conditions are better, the team is in better form, and the Carthage team is reported to be an easier proposition than it was last year.

PLAIN TALK

Just a truthful statement of Facts from week to week, about this store is doing more to push it ahead than all the blow and bluster so common in the advertising of the period. Our way is a little slower, but its far surer.

For your next pair of shoes, come try us, "you cant lose." Get your old shoes repaired by Al. Simmes.

GASADY & GOX, City Gash Shoe Store

PERSONAL POINTS

The Mallory sale of livery stock was largely attended this afternoon.

Owen Carr, who has been somewhat indisposed for several days, is again able to be out.

Shelbyville is having some burglaries much like those that occurred here a few weeks ago.

Mrs. James E. Watson has not been in the best of health for several weeks and was glad to get back to her home in this city.

Dr. James Charles, of Richmond, who was arrested on a charge of violating the laws relating to the practice of medicine was acquitted.

The town streets were nearer deserted this morning than any Saturday for a long time. The farmers were evidently too busy to come to town.

Lewis Smith, of the Blackledge neighborhood in Union township, an old time subscriber of the Republican, and whose father had taken it for years, was in our office today and ordered the "Old Reliable" for another year.

The baby that was abandoned in this city a few weeks ago, is still at the home of Mayor Stevens. It has gained weight rapidly, now weighing fourteen pounds and its general health is good. Three hundred and seventy-five persons have called to see the child up to this time.

Mrs. Grant Gregg charmingly entertained about fifteen of her lady friends yesterday afternoon at finch, in honor of her sister, Mrs. E. E. Ormston, of Indianapolis. Elegant refreshments were served and the afternoon was passed very pleasantly.

Children big and little and of all ages gathered in front of the Republican office to day, as though they were going to take us by storm, but on investigation, we learned that they were waiting to get into the K. of P. hall to practice for an entertainment, to be given by the Rathbone Sisters in which they are going to take part.

The Indianapolis Star this morning says that Robert E. Mansfield, of Marion, Ind., consul-general at Valparaiso, Chile, has been granted leave of absence and will return to Indiana for a visit. It is rumored about the State Department that he is engaged to Miss Fannie Gowdy and the gossips are wondering if there is any significance in the fact that the leaves of absence granted to Messrs. Gowdy and Mansfield are coincident.

CHURCH NEWS

There will be special music at the U. P. church Sunday evening by Katherine Johnson and Prof. Craig.

Rev. H. A. Whitlock will occupy the pulpit at the Presbyterian church Sunday. Rev. Whitlock will come to Rushville in a short time to remain until Rev. McConnell returns.

There will be services at St. Paul's M. E. church at the usual hours Sunday by Rev. V. W. Tevis, the regular pastor. His subjects will be: Morning, "Gaining Life by Losing It;" evening, "The Seen and the Unseen."

The subject of the morning sermon at the Main Street Christian church, next Sabbath, will be "Bonds of Christian Fellowship." In the evening, Rev. Sniff will give the second of a series of lectures to young people and the subject will be "Profit and Loss." A cordial invitation is extended.

Elder J. Harvey Daily, of Greenfield, will preach at the Morgan street Baptist church Saturday, April 16th, at 2 p. m. Sunday, morning and evening. Elder J. V. Kirkland, of Fulton Ky., will preach at this church Monday next at 2 p. m., and at night; also at Little Blue River Baptist church, Tuesday next at 2 p. m and at night.

At the U. P. church Sunday Rev. W. P. McGarey will preach at the usual hours. His morning subject will be "An Hour With the Scholars of the Bible School." In the evening "An Empty Grave." On Sunday, April, 24th, the pastor will begin his fifth year as pastor of the church in this city, and will preach his fourth anniversary sermon. The subject will be "Our Watchword."

A new style of sleeper will be introduced by the Pullman company, which from a sanitary standpoint will be a great improvement over the sleeping car in use at present. All unnecessary upholstery and scroll work will be removed and all precaution for preventing the lodgement of germs will be taken. The new car will be plain in the extreme but will be much better for the health of travelers.

The canaries of Germany excel all other canaries as singers. One has been known to continue a single thrill for a minute and a quarter, with twenty changes of note in it.

Deception.

Constable—If you can think of some way to hold him for his bill I'll arrest him.

Hotel Keeper—I have it! False pretenses! He said he was an actor, and I saw the show last night.—San Francisco Examiner.

The Edison nickel-iron storage battery has been tested by the Central Laboratory of Electricity of Paris, and many advantages and disadvantages have been found and experts differ as to whether it will succeed the old lead storage battery.
